

GUITAR CLASSES

AT VALLEY SCHOOL

“Children exposed to a multi-year program of music tuition involving training in increasingly complex rhythmic, tonal, and practical skills display superior cognitive performance in reading skills compared with their non-musically trained peers”, according to a study published in the journal Psychology of Music.

This guitar course is composed of comprehensive lessons that enhance the fundamental areas of music. Students will obtain knowledge of basic music theory, and incorporate this knowledge into hands on training. Children will experience chord structure, strumming, rhythm, and music appreciation.
