

August 26, 2016

Dear Parents:

We are very excited to announce that the Valley School will have our first ever swim team! The team will compete during this fall season! Students in grades 4th-6th are eligible to take part. There are requirements that must be met in order for your child to compete. Students who participate must be an intermediate/advanced swimmer who can do at least one of the strokes listed below, and are 100% water safe:

Freestyle

Backstroke

Butterfly

Breaststroke

There will also be a required fee to purchase a team bathing suit and cap, not to exceed \$45 per student. If you are interested, please return this form along with a \$20 deposit for each child's swimsuit no later than August 30th by 10am to Maria in the office. Conejo Swimworks will be on campus to size the students for their swimsuits on Tuesday, August 30th. Only students who have turned in a permission slip and deposit will take part in the fitting. If your child does get sized and a swimsuit is ordered, you will be obligated to pay for the suit, even if they quit before the season starts, as the school will be paying for the suits in advance. Students will keep the suits at the completion of the season. Please note, the competitive swimsuits should be tight on the swimmers and will not typically fit like a recreational swim suit.

We are very excited about adding this sport to the fall season! Please don't hesitate to speak to Coach Bramson if you have any further questions.

Sincerely,

James Haddad
Principal

(Return this portion to office with payment)

Valley School Swim Team Permission Slip

I give permission for my child _____, in grade _____ to compete with the Valley School Swim Team. I certify that my child is an advance beginner/intermediate swimmer who can swim at least one of the required strokes and is 100% water safe. I also understand that by signing this form, I am responsible for the cost of my child's swimsuit and cap that is required to compete, even if they quit the team before the season starts or before it ends. A \$20 deposit is also enclosed.
